There is, of course, some opposition to the law, but it is held that it is in the interest of public safety. Considering the number of curs owned here, Richmond has been singularly free of se-rious accidents, the most recent one not being due to any fault of the man at the wheel.

That "joy riding" and recklessness are in a fair way to be climinated in the Bay State is zhown in the action of the newly formed Massachusetts Automobile Operators' Association, of Boston, which has just offered rewards of \$50 each for information regarding the drivers of cars who figured in accidents at Ware and Middleboro. In the Ware accident, a woman was killed, and at Middleboro a man was injured. The drivers never stopped after jured. The drivers never stopped after either accident.

According to a statement by the president of one of the leading Detroit motor manufacturers, his company expects to turn out between 50,000 and pects to turn out between so,000 and \$6,000 cars in 1911, or an output of \$55,000,000. Use of cars without the owner's permission has become an unhealthy sport in Philadelphia. This is the result of a sentence of thirty days in iail imposed by Judge Davis, of Common Pleas Court, upon a chauffeur who "helped himself" to a car in a garage.

Rickard Clings to Hope That Fight May Be Held in 'Frisco.

### DECISION COMES TO-DAY

Jeffries and Johnson Ready to Move to Nevada at Moment's Notice.

San Francisco, Cal., June 18.—Pending Tex Rickard's final announcement which he has promised to make before noon to-morrow, the fight situation to-night is still undecided,
Rickard, it transpires, is pinning his hope of holding the Jeffries-Johnson contest in San Francisco. There is a possibility that Governor Gillett will recede from his firm position in opposing the match and will consent to have the issue decided by the courts. It is understood heavy pressure was brought to bear upon the Governor to day in a last desperate endeavor to genure the fight for San Francisco, and that Rickard is awaiting news from pitchers and hitting with men on bases, that Rickard is awaiting news from pitchers and hitting w Sacramento of the outcome of this at defeated Cincinnati Sacramento of the outcome of this at tempt before giving out a definite statement regarding the battleground. In the event that the Governor refuses to reient, it is said to be absolutely certain that Rickard will declare for Nevada. Reno is looked upon by all as "the one best bet." Training quarters for both fighters have been reserved near Reno, and their managers are holding themselves in reading the reading themselves in reading the

Santa Cruz, Cal., June 19.—According to Sam Berger, Jeffries's manager, who arrived this afternoon with Jeffries, who gave a sparring exhibition at, a local theatre, arrangements are being made for the breaking up of the Ben Lemond training camp Tuesday evening.

"We are prepared to be on the move," said Berger, "and the sooner we hear from Rickard, the better we will like it. I have arranged for a special Pullman car for Jeffries and his trainers, and just as soon as we receive word

Berger said he believed there was still a slight chance of holding the mill in San Francisco, but is negotiating for training quarters at Reno. The quarters probably will be at Moana Springs, about three miles out from Reno.

The only work by Jeffries to-day was the five rounds he boxed with Corbett and Choynski, in his exhibition, and a short period of shadow boxing and rope-skipping.

Jake Johnson's wife was removed to second round to-morrow morning, and the finals to-morrow afternoon. Pairings for eighteen-hole match play to-day are as follows:

George H. Keesee and D. Call, W. R. Turner and C. L. Kirk.

# AMUSEMENTS.

Academy-Benjamin Players, Lubin-Vandeville,

not being due to any fault of the man at the wheel.

Speeding in Henrico county—since the recent meeting held secretly at the courthouse—has not been reported. But this was not due to any undue activity on the part of the sleuths. The rain stopped it, mud being a greater deterent to high driving than law.

Everybody, it seems, wants to own an automobile. When Glenn H. Curtiss fiew from Aibany to New York the other day, winning \$10,000 for the feat, he promptly gave it to his wife. Some-body asked Mrs, Curtiss what she expected to do with the money. "I am going to buy a motor car with part of it," she said. Now comes the report that a Western concern which manufactures a high-class car is preparing to put it on the market on the instalment plan—so much down and so much per month. That will probably stimulate the business, though it is apt to put cars in the hands of persons who can hardly afford the luxury.

\*\*Rosemnry\*\* To-Night.\*\*

During the week beginning to-night, the Benjamin Players will be seen in what is probably one of the sweetest love stories that has ever been acted upon a stage. The name of the comedy is "Rosemary"—and that's for remembrance. The plot has to do with the one love affair in the life of Sir Jasper Thenday, who will be impersonated by Mr. Ritchic. Miss McComas will have the protity role of Dorothy, played with John Drew in the originally played by Ethel Barrymore, and Miss Bradiew will have the role originally played by Ethel Barrymore, and Miss Bradiew will have the role originally played by Ethel Barrymore, and Miss Moral and Mr. Curtis will be seen in quaint character parts. The play will be profused to do with the money. "I probably stimulate the business, though it is apt to put cars in the hands of persons who can hardly afford the luxury.

That "joy riding" and recklessness are in a fair.

Told Students Named for Distinguished Men to Make Good, and They Did.

Amusing incidents sometimes occur when boys are named after the distinguished personages of history. Fathers and mothers who have read history and become attached to some great figure of the past are apt to name their offspring after him. President Boatwright, of Richmond

College, in awarding a diploma during the recent commencement to Jefferson Davis Bond, of the senior class, brought out the humorous side of such nomencellature under certain circumstances.

"I well recall when Mr. Bond entered college," he remarked, "for he came into my effice with his cousin, One's name was Jefferson Davis and the other's was Napoleon Bonaparte. I remarked then that it was the first time in my experience that I had two such distinguished men in my office at the same time and that I felt unusually hondred.

"Furthermore," said President Boatwright, "I said to these young men that since they bere such great names I should expect them to live up to the mark set for them by their names and stay until graduation. They did so, They were first cousins. Last year I conferred a degree upon Napoleon Bonaparte, and this year I do likewise for Jefferson Davis."
